CODING TABLE

This table supplements information contained in the chart to which it is associated. In spite of the fact the classification of waypoints (fly-by / flyover), courses, distances, altitudes, level and speed restrictions are mandatory, the providers may use the information as they find appropriate in order to code procedures. In other words, in case any particular coding is applied, it is mandatory for it to reflect the procedure published in the chart.

Identification	Aerodrome	Chart Code	AIRAC AMDT
SID RNAV ESBUX 2B RWY 11R	BRASÍLIA / Presidente Juscelino Kubitschek, INTL (SBBR)	SBBR_SID_02S	25 MAY 17
