

## CODING TABLE

This table supplements information contained in the chart to which it is associated. In spite of the fact the classification of waypoints (fly-by / flyover), courses, distances, altitudes, level and speed restrictions are mandatory, the providers may use the information as they find appropriate in order to code procedures. In other words, in case any particular coding is applied, it is mandatory for it to reflect the procedure published in the chart.

Identification				Aerodrome				Chart Code			AIRAC AMDT			
SID RNAV PULUR 1A RWY 30				ARACAJU / Santa Maria, INTL (SBAR)				SBAR_SID_00K			07 NOV 19
